Timing: Self-paced with no set meeting time

PD Hours: 2 Professional Development Hours

Credits: 1 Graduate Level PD Credit Available

Topics Covered:

- Technology
- Communication

One tree will be planted per registration (partnership with One Tree Planted).

About This Workshop

If you've wanted your students to communicate with technology so you can find out what they're thinking, but would like tips and examples to help you get started, then this workshop is for you.

We'll begin by exploring why communication via technology is so important. Then we'll discuss how to gauge how well students have been listening to you. From there we'll focus on getting kids talking about what they are learning. We'll then address how to get students to communicate their learning in writing. Finally, we'll wrap up the workshop by talking about additional methods for students to communicate their learning.

About the Instructors

Adam Juarez

Adam Juarez is a Technology Integration Coach for Cutler-Orosi Joint Unified School District. He supports teachers through individualized coaching, demo lessons and professional development. Adam is a Google Certified Trainer and Innovator, Leroy Finkel Fellowship Finalist, co-founder of #CVTechTalk, frequent speaker/presenter at various edtech events across the country, 2020 30 K-12 IT Influencers Worth a Follow (EdTech Magazine) and co-author of The Complete EdTech Coach: A Organic Approach to Supporting Digital Learning.

Katherine Goyette

Katherine Goyette is an EdTech Consultant for a county office of education in California and co-author of “The Complete EdTech Coach: An Organic Approach to Supporting Digital Learning”. She facilitates professional learning sessions and conducts in-class coaching for educators across the United States. Katherine is a Google Certified Trainer & Innovator, Newsela Certified Educator, Apple Teacher, and Microsoft Innovative Educator. Formerly, Katherine was an administrator, coach, and classroom teacher.
